

VILLAGE OF ALLEGANY, NEW YORK
LOCAL LAW NO. 2 – 1997

A LOCAL LAW TO AMEND CERTAIN SECTIONS OF ARTICLE XIV OF THE VILLAGE
OF ALLEGANY, NEW YORK, GENERAL MUNICIPAL CODE.

BE IT ENACTED BY THE VILLAGE BOARD OF THE VILLAGE OF ALLEGANY,
NEW YORK AS FOLLOWS:

SECTION 1. Section 16. "ATTACHING AND CONNECTING WITH MUNICIPAL WATER SYSTEM" of Article XIV of the General Municipal Code is changed to read as follows:

Section 16. ATTACHING AND CONNECTING WITH MUNICIPAL WATER SYSTEM.

A person or persons shall not attach or make any connection with the water main at any time. All such attaching and connections shall be made by the superintendent at the expense of the applicant. Attaching service charge includes excavation, tapping of main, installation of copper service pipe to curb stop and the installation of curb stop with stem and curb box. The applicant is responsible from the curb stop on. The applicant is responsible and shall pay for all excavation and installation of all service pipes running from the curb box to the water meter. All materials must comply with Section 18 of this Article.

SECTION 2. Section 18. "MATERIAL AND TYPE OF SERVICE PIPE" of Article XIV of the General Municipal Law is changed to read as follows:

Section 18. MATERIAL AND TYPE OF SERVICE PIPE.

All service pipes hereinafter installed or replaced, running from the water main to the meter shall be of copper tubing, type "K" or equivalent. Galvanized steel or wrought iron pipes shall not be permitted in any case.

SECTION 3. Section 22 "REGULATION OF THE INSTALLATION OF WATER SERVICES TO PREMISES WITH PRIVATE WATER SUPPLY" of Article XIV of the General Municipal Code is changed to read as follows:

Section 22. REGULATION OF SOURCES AND THE INSTALLATION OF WATER SERVICE TO PREMISES WITH PRIVATE WATER SUPPLY.

All buildings or premises, including residential, commercial, public or any other type of building or premises, within the boundaries of the Village of Allegany, and supplied with water, must be hooked up to the Village water system. Water pipes in any building, structure, or premises supplied with water by the Village are not permitted to receive a supply of water from any other source, including wells or any other suppliers. Any building, structure, or premises outside the Village boundaries receiving water supplied by the Allegany Village Water System and also receiving water from another source must have an approved backflow prevention device, installed at the customer's expense, on the line leading from the public water supply pipe. The device must be installed on the line in a position closest to where the pipe enters the building, structure, or premises and be in an accessible area.

SECTION 4. This local law shall take effect in accordance with the provisions of Section 27 of the Municipal Home Rule Law, upon filing in the Office of the Secretary of State of the State of New York.
