DPW REPORT

Superintendent F. Snyder updated the Board of Trustees on the status of what the Department of Public Works employees have completed in July 2021. He stated that the boat launch has been removed due to the damage that was caused by the last storm. The insurance company has been notified and will give update when he has more information. The manhole near St. Bonaventure was completed. He mentioned that Union Street between South 7th Street and 1st Street will be paved in the near future. He also stated that he is looking into lining the sewer pipes on Union Street. The Village may be able to “piggyback” off of a contract that exists with the City of Olean.

Deputy Mayor J. Cummins asked the paving on Union Street from South 7th Street and 1st Street.

Superintendent F. Snyder stated that the company is giving us a good price to Novachip the area of Union Street that can be paved because the Town of Allegany is doing some of their roads as well. The rest of Union Street needs to be grinded down and paved which will cost more than we have budgeted for this year.

Aaron Hess of Fusion on The Main has requested in a letter to the Board to remove 3 trees in front of his business on Main Street. He states he believes it is a visibility issue. He would replace with a shorter blooming shrub.
